## **Prestigious Silver Awards for 2025!**

We are thrilled to acknowledge the first group of students who have earned the prestigious Silver Awards for 2025! Seventy-one dedicated students have achieved this milestone, demonstrating their commitment to excellence. To qualify for a Silver Award, students must have 15 'green weeks' throughout the school year. A 'green week' is earned when a student is present for at least three days in a week and consistently meets our school expectations.

These remarkable students have demonstrated dedication and adherence to our school values all year long. This week, we look forward to celebrating an additional 31 students who will receive their Silver Awards at the upcoming assembly. We are incredibly proud of all our students and their achievements!
